Share some Dolphin Connection time with new dolphin and human friends!

Are you ready to dive into the world of deep connection with wild dolphins and other marine life? Danielle MacKinnon’s “*Call of the Wild Dolphins Island Retreat*” will offer you a rich Soul-Level experience of animal connection and transformative experience. Danielle will share what she’s learned from her almost two decades of experience intuitively connecting with animals of all species at the physical AND most importantly, the Soul-Level to help you have the most enriching, awe-inspiring experience with the wild dolphins of Bimini that you possibly can.

Animals use their own unique intuitive skills to connect to their world (including us). Their connection might be through sounds, smells, pictures, feelings, in meditation, dreams, or by mirroring our behavior in an attempt to get our attention and during this retreat, you will have the opportunity to receive whatever the dolphins are offering you. Danielle serves as a psychic bridge for animals to communicate with humans in a very clear and intimate way and she can help you understand your experience with these incredible animals at a profound level. Afterwards, you can apply your experience to the animals in your life! Join Danielle for a Soul-Level *Wild Dolphin Personal Connection* that will offer you a magical experience with nature’s most profound telepathic communicators the wild dolphins of Bimini! Danielle will also share personal messages and wisdom that she psychically receives from the dolphins to support you in your own soul level changes and ongoing personal and spiritual growth.

Wild Dolphin Swim Retreat Itinerary:

Day 1. Sat Aug 18: Depart from your home city to Ft. Lauderdale, Florida. The group will overnight at the **Courtyard Marriott, Ft Lauderdale Airport and Cruise Hotel**, 400 Gulf Stream Way, Dania Beach FL. You are responsible for booking your own room reservation which is not included in the retreat cost. There is a free shuttle from the airport. When you arrive call the hotel: **954-342-8333**. If time permits, Danielle will connect with you at the hotel and have a short group introduction session.

Day 2. Sun Aug. 19: Fly from Ft. Lauderdale to Bimini, Bahamas. (Details on scheduling flights will be provided closer to the tour date.) Check into the Sea Crest Hotel and meet with the rest of the group. Mid-morning we’ll have a trip briefing and dolphin protocol orientation by our Charter boat Captain and get fitted for our snorkel gear. After a delicious lunch we board our chartered boat and prepare for our first magical encounter with the spotted dolphins of Bimini.

Day 3 - 6. Mon – Thursday Aug 20 - 23. B, L, D included. The next four days we’ll spend the mornings with Danielle for discussion, exploring the island, beach time or other activity. After lunch we’ll be on our chartered boat for the afternoon with the dolphins and snorkeling. Our time with the wild dolphins is a gift from them if they choose to play with us and will evolve on their schedule. This is an ecologically sensitive program that allows us to observe, interact with, and swim with these beautiful beings.

Our dolphin excursions can be anywhere from 3 to 4 hours on the boat. It takes approximately one hour to reach the dolphin grounds. Please remember these are wild dolphins so encounters cannot be guaranteed. We are on the dolphin’s time schedule, so when or if they come to play with us is the dolphin’s decision. One of the powerful lessons they teach is about letting go of control, relaxing and just being in the moment. Encounters can be as short as 15 minutes or as long as an hour or more and you might have multiple encounters in one afternoon. The Bimini dolphins are full of surprises!

No trip to Bimini would be complete without snorkeling over the Mysterious Bimini Road! A quarter-mile off Paradise Point lays an ancient, underwater road of stones that has baffled natives, mystics and scientists for generations. Some call it the Bimini Road or the Atlantis Wall and believe it may lead to the lost continent of Atlantis. It's a mystical experience and many say they can feel the energy that emanates from these huge underwater stones.

There will be time to explore the island in golf carts, visit the Magical Dolphin House, relax on the beach and of course do some shopping! You may also choose from other optional island activities, mangrove tours, and a visit to the Healing Hole or the Fountain of Youth.

As we bring to a close, a wonderful week of fun, sun and sharing time with new flippered friends, human and dolphin, you'll leave Bimini feeling refreshed and restored on all levels. You will also take with you new skills to help communicate with other species that have so much wisdom to share with you.

Day 7. Friday Aug. 24: After breakfast we leave for the Bimini airport for our flight back to Ft Lauderdale and our connecting flights home. We leave with our spirits renewed and our hearts full of dolphin love. New and lasting friendships have been made and you will find the dolphin energy and consciousness swimming in and out of your life forever! They truly are the Angels of the Sea!
