...Atlantis mysteries...fresh healthy food...the place to rest, relax, play, heal, reflect, explore...
...give yourself the gift of a workshop & retreat with Danielle MacKinnon...
Share some Dolphin Soul-Talk time with new like-minded friends!

Workshop Program

Are you ready to dive deep into the world of psychic communication with animals, especially wild dolphins and other marine life? Danielle MacKinnon’s animal communication workshop and island retreat will offer you a rich Soul-Level experience of animal communication and deep energetic Soul-Level Connections. Danielle will share tools and techniques from her years of experience intuitively connecting with animals of all species at the physical AND most importantly, the Soul-Level.

Animals use their own unique skills to connect with us; it might be through sounds, smells, pictures, feelings, in meditation, dreams, or by mirroring our behavior in an attempt to get our attention. Danielle serves as a psychic bridge for animals to communicate with humans in a very clear and intimate way. She will teach you these skills and show you how to personally tune in to communicate with your own pets, other domestic animals and animals in the wild. Join Danielle in Bimini, Bahamas for a Soul-Level animal communication workshop that will offer you a Magical Experience with nature’s most profound telepathic communicators – the wild dolphins of Bimini! Danielle will also share personal messages and wisdom that she psychically receives from the dolphins themselves to support you in your own soul level changes and ongoing personal and spiritual growth.

Wild Dolphin Swim Workshop and Retreat Itinerary:

Day 1. Sun Aug. 7: Depart from your home city to Ft. Lauderdale, Florida. Transfer from the airport to the Hyatt Hotel (or similar) and overnight. Danielle will connect with you at the hotel and if time permits, have a short group introduction session.

Day 2. Mon Aug. 8: Fly from Ft. Lauderdale to Bimini, Bahamas. (Details on scheduling flights will be provided closer to the tour date.) Check into the Sea Crest Hotel and meet with the rest of the group before lunch. Mid-morning we'll have a trip briefing and dolphin protocol orientation by our Charter boat Captain and get fitted for our snorkel gear. After a delicious lunch we board our chartered boat and prepare for our first magical encounter with the spotted dolphins of Bimini. This evening Danielle will begin her workshop of Soul-Level animal communication to prepare you to connect with the dolphins on a deeper, more intimate level.

Day 3 - 5. Tuesday - Friday. B, L, D included. The next four days we'll spend the mornings with Danielle learning more about Soul-Level animal communication and exploring the island. After lunch we'll be playing off our boat for the afternoon with the dolphins and snorkeling. Our time with these wild dolphins is a gift from them and will evolve as they wish. This is an ecologically sensitive program that allows us to observe, interact with, and swim with these beautiful beings.

Our dolphin excursions take place each afternoon and trips can be anywhere from 3 to 4 hours in length. It takes approximately one hour to reach the dolphin grounds. Please remember these are wild dolphins so encounters cannot be guaranteed. We are on the dolphin’s time schedule, so when or if they come to play with us is the dolphin’s

decision. One of the powerful lessons they teach us is about letting go of control, relaxing and just being in the moment. Encounters can be as short as 15 minutes or as long as an hour or more and you might have multiple encounters in one afternoon. The Bimini dolphins are full of surprises!

No trip to Bimini would be complete without snorkeling over Mysterious Bimini Road! A quarter-mile off Paradise Point lays an ancient, underwater road of stones that has baffled natives, mystics and scientists for generations. Some call it the Bimini Road or the Atlantis Wall and believe it may lead to the lost continent of Atlantis. It is quite a mystical experience and many say they can feel the energy that emanates from these huge underwater stones.

There will be time to explore the island in golf carts, visit the Magical Dolphin House, relax on the beach and of course do some shopping! You may also choose from other optional island activities, mangrove tours, and a visit to the Healing Hole or the Fountain of Youth.

As we bring to a close a wonderful week of fun, sun and sharing time with new flippered friends, human and dolphin, you'll leave Bimini feeling refreshed and restored on all levels. You will also take home with you, new skills to help communicate with other species that have so much wisdom to share with us.

Day 6. Saturday Aug. 13: After breakfast we leave for the Bimini airport for our flight back to Ft Lauderdale and our connecting flights home. We leave with our spirits renewed and our hearts full of dolphin love. New and lasting friendships have been made and you will find the dolphin energy and consciousness swimming in and out of your life forever! They truly are the Angels of the Sea!

Danielle MacKinnon: Author, Intuitive, coach, and animal communicator, has been recognized as one of the country's Best Psychic Mediums by Psychic Investigator Bob Olson and one of the Top 100 Astrologers and Psychics in America & by best-selling author and psychic researcher, Paulette Cooper.
